## Subpart C - Education and Child Development Program Services

### 1302.35 Education in Home-Based Programs

A home-based program must provide home visits and group socialization activities that promote secure parent-child relationships and help parents provide high-quality early learning experiences in language, literacy, mathematics, social and emotional functioning, approaches to learning, science, physical skills, and creative arts. A program must implement a research-based curriculum...

# Behavior Has Meaning

*Evan's mom, Bella, and the family's home visitor, Yolanda, had planned to focus on simple shapes as the activity for this week. Bella has a 4-piece shape puzzle and a shape sorter to play with. 18-month old Evan does not want to sit down on the floor with the two adults and instead, runs around the room singing a song.*

What might Evan's behavior be telling us?

- What is the form?
- What might be the possible function(s)?

# Behavior Has Meaning

- What can we do?
  - Observe Bella and Evan's interactions
  - Talk through form and function
  - Brainstorm strategies to use with Evan
