

SUPPORTING SOCIAL SKILLS: PRESCHOOL

Diana's home visiting curriculum includes the suggested learning experiences of stacking box blocks and blowing bubbles. As you watch the video, notice how Diana helps the mom intentionally and meaningfully support the child's developing skills, behaviors, and concepts. Use the handout to record what you notice about the child's development and learning and how Diana uses her program's curriculum responsively with the family and child.

- What are some of the child's current and emerging knowledge, skills, and behaviors?
- What are some of the Early Learning Outcomes Framework (ELOF) goals addressed in the learning experiences that Diana and the mother planned?
- In what ways do you think Diana used her curriculum's guidance responsively with this family and child?
- What might Diana and the mother plan next to extend the child's social, math, and fine motor skills?
