

## INDIVIDUALIZED TEACHING OBSERVATION FORM

Use this form to assess a teacher's individualized teaching practices. Encourage teachers to use the *Tools for Teachers: Instructional Planning Form* before your observation. Supervisors may complete this form during their observation and then talk about it individually with the teacher. Together, identify additional training or support needed for increased success.

Teacher: \_\_\_\_\_ Classroom: \_\_\_\_\_ Date: \_\_\_\_\_

How is...	Observation notes:	Additional training or support needed:
the teacher practicing complete teaching loops?		
the teacher creating multiple teaching opportunities for specific children?		
the teacher adjusting instruction based on children's learning?
