PRACTICING RESPONSES THAT EXPAND—INFANTS AND TODDLERS

Directions: Using children's actions, vocalizations, and words, write how you would respond to each example to extend the conversation.

“ Child points to a butterfly. ”

“ I goed to store. ”

“ Child sees photo of himself and says, “Baby!” ”

“ “Sean [another child in the room] cry.” ”

“ “Me ride.” ”

“ Child coos and gurgles when her diaper is taken off during diaper changing. ”
