

DEVELOPING AN ACTION PLAN

Directions: Now it's your turn to plan how you can take the information from this presentation back to your classroom/center. Using the table below, outline five extended conversations you can have with infants and toddlers or the preschool children in your classroom.

When can I engage children in extended conversations? (time of day/ location in classroom)	During this time what can I talk about with children? (topic and how it relates to children's lives and interests)	What open-ended questions can I ask to extend the conversation?	How can I expand on children's gestures, facial expressions, body language, vocalizations, and words?	What novel words can I introduce in this conversation?
