

Circles, Circles, Circles – Handout

Children are using different-shaped stamps and colored ink to create a picture of their choice. You ask children about what they are doing and record their responses:

- *I use lots of circles. Circles, circles, circles.*
- *I makin' this.*
- *This is a square and a triangle. They are shapes.*
- *I'm drawing a picture.*
- *This is my picture.*
- *Teacher, can you help me make this (pointing to the rectangle)?*
- *I'm making shapes, too.*
- *I like circles. And I like other shapes.*
