

Guided Viewing: *Together We're Better*

What stood out for you in the definitions of teams?

What were some of the themes that the families and service providers shared about their working together for infants and toddlers with disabilities and their families?

What examples did you hear or see of people working together to support the inclusion of infants and toddlers with disabilities and their families?

Are there any strategies that you have used in your work with community partners?

What ideas did you hear that might be helpful in your work with community team members?

Session 3 Handout #3
