

Taking Turns at Circle Time

My name is _____ and I am _____ years old.
I go to preschool at _____.

We do many activities at school like free play, snack, and circle.
During circle time we do lots of different fun things like
listening to books, dancing to songs, and _____.

Circle time, children get to help with jobs like _____ and
_____. I really like to help with these jobs.
There are lots of children in our classroom who also like to help
with circle time jobs.

Sometimes I get to help with jobs like _____ and
_____, and sometimes it is someone else's turn.

If I really want to help and I don't get chosen, I can say
"maybe next time."

If it is someone else's turn and they choose something I don't like,
I can keep my thoughts to myself. If a child chooses something I
like, I can give them a quiet thumbs up!

Circle time is fun when we all take turns!
