## Building Risk Assessment Form

Tsunami Building Risk Assessment			
Head Start Program: _____			
	Y	N	Necessary Action
Is your facility located in a tsunami inundation zone, and if so, have you evaluated the feasibility and cost to relocate?			
Have you planned the steps you need to take to evacuate?			
Have you designated rallying points in or outside the Head Start facility?			
Have you inventoried transportation assets, fuel, route, and a high ground location in event of a tsunami warning?			
Do you know a route to safety away from the tsunami path?			
If you plan to relocate to a school, municipal building, or other facility, do you have a letter of agreement with them?			
Have you assembled and maintained disaster supply kits containing all the supplies and contact information you need?			
Are disaster supply kits stored in waterproof Go bags easily grabbed?
