

Counting and Cardinality, Video 1

Teacher: And we're going to ask Randy to help us with the cornstarch. We need one -- How many? One...How many? Let's count. One, two, three, four. We need four cups of cornstarch. It has to be full, okay? You can use your other hand. It's okay to touch it. Okay?

Boy: Okay.

Teacher: Okay, it's okay to touch it. Like that. There you go. Two. Jonathan, you want to put the cornstarch? You can start mixing.

Boy: It's really -- We're mixing it.
