

How to Use the Español Button on the ECLKC

Narrator: How to Use the Español Button on the ECLKC.

The Early Childhood Learning and Knowledge Center, known as ECLKC, is the official Head Start website. All ECLKC webpages are translated to Spanish.

To find Spanish content, all you have to do is to select the Español button from the homepage, top right corner and navigate or search the website in Spanish. Or, navigate the website in English and select the Español button from the page you need.

Menus and search work in both languages. You can make suggestions or ask for help in Spanish from Contact Us and subscribe to receive news in Spanish from Subscribe, by adding your email address.

Please share this video, in English or Spanish, with your bilingual or monolingual Spanish staff and families. For additional information, visit <https://eclkc.ohs.acf.hhs.gov/help>.
